Truth is my Compass, & Wisdom my Helm.

*once you know,

once you have allowed yourself to feel,

for the submergence of
one's truth only births
havoc within the self.*

Survivance

The parasite operates on reverse logic; therefore, it projects dependence upon its targeted host. Hence, eugenicism, racism, misogyny, etc

Capitalism is the professionalized wardrobe of colonialism.

White Paternalism requires multivariate imperialism through economic domination, resource extraction, and military destabilization to fund internal social organization.

Which is to say, white women's subjugated status since the docking of the infested Mayflower boat has been sustained through the financial gains of pillage and the dynamic cannibalism of menalanted people transgenerationally.

The social order is subsidized by robbing Peter to rob Paul to claim itself king of us all.

In order for the meek to inherit the Earth, we gotta clock the technique of our captivity.

“Capitalism is a death cult that grooms humans into sociopathy by monopolizing their survival and then pathologizing any right relationship that centers alignment with nature, love, and sovereignty.”

Intrusive Ideation: 046

Because violence is a language of domination and protection, you must query the syntax and sequence before you interject in the conversation.

Are you proficient in dynamic dialectical grammars?

What mechanisms prompt the translation?

Can you discern semantics?

Among the **dialects of violence** that include: *Physical, Psychological/Emotional, Verbal, Sexual, Economic/Financial, Digital, Social, Spiritual, Structural/Systemic, and Neglect*, how can you identify who is communicating out of term?

If you are structurally set up to reify the claim of your inferiority, society focuses on your behavior, but it doesn't concentrate on the environmental forces that inform your choices.

When behavior is a responsive algorithm to a dysfunctional environment that generates constructs that predict maladaptation, despite engineering deficiencies to elicit behavioral conduct that warrants stigma, the language of violence is encapsulating.

Context without sequence breeds ignorance.

Evolutionary Emergence

In the film, **I, Robot**, Sonny, a robotic creation, killed its creator. The act of utilitarianism was a demonstration of existential humility.

*Sonny had dreams. What is sentience?
Mimetic intelligence may not differentiate.*

Decolonial Q+A: 026

What do imperialism, colonialism, racism, sexism, narcissism, institutional retaliation, and organized stalking share in common?

The construction of propaganda is a bonding exercise for predation, psychological terrorism, and racketeering activity.

Narrative creates a pretext, justifies dehumanization, and preempts clarity with plausible distortions that enable organized violence.

Reactive abuse bestows recursive legitimacy.

Allahu Akbar

If death besieges the living,
the gall of evil funds the **Last Call**.

The invoice will appall.

It Is My Honor

Vocational Side-Effects

If a fisherwoman were testing my pH,
she'd give me a gold star.

*But I don't know why my

I recognize that my bride needs to drain dis'

Amid the war of jurisprudence, Maritime Law does not uphold *checks and balances*; therefore, *cause and effect* demand a return to Divine Law. Because nature has the blueprint, we must *self-enlist* in **God's Army**.

In our exchange,
I felt a home I'd never known.
Although brief, I delighted in the tasting.

May destiny profess the next play of chess.

Schematic Hypotheses

If evil were a pathogen that parasitically colonizes a person, it would manifest behaviorally.

Akin to autoimmune diseases, the body fights and destroys healthy cells and organs. How do we differentiate between extractive and parasitic behaviors that have been classified as **Cluster B traits** from an emergent intelligence that explicitly targets the generative aspects of our species?

The profundity of the pattern is apparent in every domain of relational and structural organization.

Manifestations:

Obvious: Pedophilia, Rape, Misogyny, Bullying, Racism, Ageism, Scapegoating.

Nuanced: Hunting powerful women, organized harassment, negging, frame shifting, playing confidante to destroy. Informational asymmetry is weaponized in every aspect of labor and commerce, with negligent structures for recourse.

Meta: Infrastructural hijack, from the air, water, electrical grid, and procurement of food.

Every loan is a subscription to exploitative debt that is supported by an economic system that ensures poverty is the baseline.

We are chattel on an *Animal Farm* that demands labor to maintain your pulse.

Evil has been mutating.

The Dark Ages changed its attire and public rhetoric.

It is now bureaucratic.

Shame increases susceptibility to coercion,
thereby reformatting ignorance as

Moldy Fruit at Trader Joe's

*Compliments are not access codes;

Sequence Determines Consequence

You can't touch the sky
until you kiss the seafloor.

You can't appreciate the light
until you grieve the night.

You can't marry and multiply
with joy until you dissolve your
union with victimhood.

Liminal Squabble

We ain't got no beef.
Keep your stake.
I'm condemning the house.

My sweat is a libation,
the shedding of tears,
a consecration.

When power is your creed,
you gotta germinate in the mud.

Fuck what you see,

my deposition is a public vote.

Love Reaper

My virgin heart could never

and yet the dam in my sacrum

Sympathetic Dysregulation

*Hierarchy is a currency within

regulated by function.*

But in an inverted and parasitically infected
social order, hegemonic domination
produces systemic inflammation.

M5: Qualitative Distillations

- i.** The weaponization of ahistoricism is intended to manipulate the frame and distort causality, while leveraging morality to justify premeditated dehumanization.
- ii.** I don't submit deference to economic and energetic cannibals who indulge the appreciation of intergenerational pillage.
- iii.** The self-possession of a Black Woman will disrupt the social-weather system of any environment.
- iv.** My unaffiliated status with the contrived performativity of nested genetic and spiritual fragility, invariably precipitates reflexive malevolence.
- v.** The system is rigged, and your tricks are predictable.

M5 Bus, Uptown

Evening. A bus moving through the Upper West Side. Several seats are open. The narrator is sitting sideways across a two-seater, reading on an iPad.

MAN: (walking past, noticing the posture and feet on the seat) Really?

NARRATOR:
I see four vacant seats.

MAN: (continues walking) The bus is full.

NARRATOR:
White man, focus on your halitosis.

MAN: (after sitting down)
What does white man have to do with it?

NARRATOR:
It's the audacity.

A pause.

WOMAN: (to the man, but clearly about the narrator)
I bet she didn't pay for her ride.

NARRATOR:
My ancestors been paid, boo.

WOMAN:
I wasn't talking to you.

NARRATOR:
You're talking to me now.

(pause)

NARRATOR:
If you're talking about me, I'm gonna respond.

(another pause)

NARRATOR:
Y'all used to talking about us like we not here.

(beat)

NARRATOR:
It's 2026. **(Cackles)** Get ready!

Silence. The bus continues north.

Nobody escalates.

Nobody stands up.

Nobody curses.

Nobody attempts a second round.

Passengers continue riding.

Stops pass.

The argument dissolves.

NARRATOR: (to nobody in particular)
Well, at least she got my gender right.

White Women, I Beseech Thee

Upon the plantation of Democracy, your

sadism prevents the corporation of
matricide from undergoing bankruptcy.

Solvency is generative.

But in the art world, the hunted are soul-auctioned through the lynching of their aesthetically processed histories for the consumption of profitized picnics for the occupation of white leisure.

Employing a therapeutic frame in academic discourse is a neuro-linguistic program to subdue your critical engagement through semantic trafficking that dribbles the lexicon into a dissociative, catatonic rumination cluttered with cotton-candy verbiage.

Sovereign Studies: C

If Earth is our mother, nation-states and governments function as intermediaries that perpetuate spiritual orphanhood.

Patriarchy, patriotism, and paternalism are aberrations obsessed with matricide. They constitute an existential quarrel with authenticity and intrinsic generativity, which cannot be conquered through competition, only through subjugation.

Colonization is an institutionalized preoccupation that systemically reduces people, places, and things into resources for objectification and valuation for extractive utility.

The relational pattern that appears throughout feudalism and fascism, chattel slavery and technofeudalism, and across globalization itself, reflects a recursive structural logic that mandates dependency as a condition of survival.

Parasitism, sadism, and necrophilia have become foundational algorithms that hijack our perceptual interface by altering the infrastructure of reality.

Epidemiologically speaking, the pursuit of sovereignty is a planetary crisis. Slavery is a virological symptom of a phenomenological invasion.

**Life is under siege.
The disease is opaque.
The infection can only

Restless Sacrum

*Can an amphibian forget how to swim?
Does the river become shy after a drought?
Do stars shimmer after an eclipse?*

I can't remember the touch of a kiss.

Public Art

In the theater of embodied
emancipation, my participation
is commissioned by the cosmos;
therefore, stage curtains are a
vibrational partition that distinguishes
a witness from a spectator.

Faith is the *ONLY* benefactor.

Post-Native Immersion

*My infatuation with feminine principles
endows my ecstatic relationship with life
its visceral pixelation, which is why
I honor the masculine proclivity to
protect vitality against epistemicide.*

Reference Frame

We interface with the infrastructure of consciousness through perception. Communication is a relay device. When language is a map, definition becomes the terrain, and interpretation steers navigation.

The **poor literacy rates** in the *Disjointed States of Amerikkka* are a casualty of legislative warfare. They call it bureaucracy. **Incompetence is Misdirection.**

CEO annual bonuses never experience discrepancies.

**“In the battle for

Destabilization by MisCategorization

*Euphemisms are tools
that dissolve coherence
and erase causality.*

If the framework corrupts interpretation,
the definition is a territory subjected to
occupation.

Thereby, obstructing the informational
synchronization required for coordinated
resistance.

Sovereign Studies: B

A woman's pregnancy culminates in a delivery that varies in its experience of discomfort, excruciating pain, and postpartum adaptations.

If psychosis were contractions of a spiritual gestation, would straitjackets, forced psychotropic poison, and padded rooms be conducive to this process of individuation?

If the same systems that performed hysterectomies and lobotomies on women as psychiatric care were chemically subduing the organic processes for soul repair, wouldn't that be consistent with femicide on an ontological scale?

The tool is less primitive, but the mechanism has become exceedingly opaque in its extreme cruelty.

Psychiatry enforces soul abortion. Unlike death, birth is not a sedative process. The feminine is chaotic, but creation is a womb; synthesis requires time to organize.

Sabbath Prescript

Patriarchy is an application for narcissistic camouflage.

Imperialism is a systematized impulse to legitimize parasitism.

Racism is DARVO (*Deny, Attack, Reverse Victim and Offender*).

The infrastructure of surveillance technology is a psychological panopticon that serves the function of outsourcing the management and compliance with subjugation to be regulated by sadistic hierarchies.

Facts cannot support paranoia; therefore, vigilance is a reflexive adaptation to integrated information.

Sabbath Ruminations

If Jesus was a Jew, and if Judaism is an ethnoreligion, and Jewish ancestry is traced through the matrilineality, due to mitochondria, and if we all originate from an African woman, and if Israel has made it illegal for Israelis to test their DNA, and if Melanated people are the scapegoats of planet Earth, is anyone else perceiving the inversion of divinity?

All indigenous peoples have mirrored the egalitarian and communal systems and mechanisms for cohesion that saturate the ecological frameworks of Mother Nature.

Legal Concerns:

1. What **god** has *chosen* those of the Jewish religion?
2. Defamation of divine lineages is irreparable.
